HARAMBEE

Dear Madam/Sir

RE: APPLICATION FOR BURSARY

I am a student in Kibondeni College pursuing Craft Certificate in catering and accommodation operation. I am writing this letter for the application of bursary to support my studies.

My cousin was paying my school fees but now is no longer in a position to pay for me because his job was contract and it has now ended.

My parents are farmers and they can only farm enough for consumption since the land is small. I am first born among six siblings and most of them are in high school. Therefore it has become more difficult for my parents to afford school fees for all of us.

Thank you. I am looking forward to hear positive response from you.

Yours faithfully

~~Be~~
