TO: HARAMBEE.

DEAR SIR/MADAM.

REF: APPLICATION FOR BURSARY.

The purpose for me writing this letter is to request for a bursary in terms of help for school fees so that i may have a smooth learning environment. I have some difficulties in paying my school fees because of some problems at home such as having a single parent family (mother) who is unable to pay for my fee and take care of my four siblings.

My extended family shows no any support in my education. They speak about marriage where by am not ready or interested at this time because i have a future to face. I am interested in studying so as to pursue my goals to help myself and my other siblings.

I believe that receiving this bursary would greatly support my educational goals and enhance my skills.

Yours Sincerely,
~~Geo~~
