TO HARAMBEE

DEAR SIR/MADAM

RE: APPLICATION FOR A BURSARY.

MY name is Mercy Mwendu Musyoka a student of Kibondeni college. I am a daughter to a single father since I lost my mother a year ago and ever since her departure our life has not been fairing well and we were deeply affected by it. I am the first born among three kids. My father lost his job and has been struggling to feed and also pay for our school fees since he is the only sole provider.

I am applying for this bursary hoping to get a chance and continue with my studies so that I can pursue my career and excel to make myself better and support my family and myself. With this chance given I will be able to help my father with his financial issue and I will make sure to study hard so as to reach my goals.

I am grateful that you are willing to share your kindness and help students I appreciate that you are going to consider my request and grant me this opportunity.

Yours sincerely,  
Mercy Mwendu.  
Ms.
